

ALIREZA KERMANSHAHI

Victoria, B.C | Info@alirezamak.com | www.alirezamak.com | LinkedIn: [Alireza Mak](#)

Relevant Skills

Technical skills:

- **Front-End Programming Languages:**
Proficient in developing user interfaces using React, a powerful JavaScript library. Skilled in front-end frameworks such as Bootstrap and Foundation to enhance the visual appeal and responsiveness of user interfaces.
- **Back-End Programming Languages:**
Experienced in server-side development using Node.js, a JavaScript runtime. Proficient in back-end development using Python, Java, and PHP, ensuring robust and scalable server-side applications.
- **Testing and Quality Assurance:** Skilled in JavaScript testing frameworks like Jest and React Testing Library to break big problems into small parts and solve the problem. Committed to maintaining code quality, unit testing, and documentation standards.
- **Content Management Systems (CMS):**
Familiar with WordPress for building dynamic and content-rich websites, including theme customization and plugin development.
- **Development Tools:** Experience with JavaScript tooling, including Webpack and SASS, to create responsive and organized codes.
- **UI Prototyping:** Proficient in using UI prototyping tools such as Figma to design user-friendly and beautiful applications and websites that follow disability rules.
- **Version Control:** Proficient in Git and related branching workflows to share, edit, and create different branches with other collages or manage the progress of the projects.

Professional skills:

- **Team Collaboration:** Strong ability to work collaboratively in an agile team environment, delivering high-quality software.
- **Code Quality:** Committed to writing high-quality code that prioritizes simplicity, clarity, and testability to meet customer needs.
- **Problem Solving:** Strong analytical and troubleshooting skills with meticulous attention to detail.
- **Communication:** Excellent verbal and written communication skills.
- **Continuous Learning:** Proactive in learning and improving coding skills while adapting to new challenges.
- **Code Reviews:** Active participation in code reviews, offering and accepting constructive criticism to prevent defects.
- **Defect Resolution:** Ability to proactively identify and resolve defects to maintain project quality.
- **Documentation:** Proficient in documenting solutions and processes for team reference.
- **Positive Attitude:** Demonstrates positivity, reliability, and a self-motivated, team-oriented approach.
